

## Our Vision

We are changing the healthcare landscape one patient at a time. We believe that healthcare should be personal, patient-centered, accessible, efficient and effective.

## Who We Are

Our team is made up of individuals who are team-oriented, honest, patient-centered, friendly and energetic, with consistently authentic attitudes. We are not perfect, but we are working hard to be excellent.

## What We Do

### Vein

Whether it is leg pain, leg swelling, varicose veins, bleeding or unsightly spider veins, we love improving a patient's quality of life. We use office based procedures such as radio frequency and laser ablation, chemical ablation and elevation and compression.

### Vascular

Whether it is leg pain, claudication, severe pain at rest or skin lesions that do not heal, we get excited about improving arterial blood flow to the legs in our office based procedure room or at the hospital. Carotid, renal and aneurysm management as well!

### General Surgery

Laparoscopic appendectomy, cholecystectomy, and hernia as well as diagnosis of abdominal pain. Wound care, thyroid, skin lesions, cancers, lipomas, abscesses, breast lesions, and anorectal.

## Services

### Vein

Varicose veins  
 Spider veins  
 Leg swelling  
 Venous stasis

 Wound care

# Making A Difference

### Personal

- We work to treat our patients as we would want to be treated.
- Over 90% of our new patients are seen by Dr. Tinsley.

### Accessible

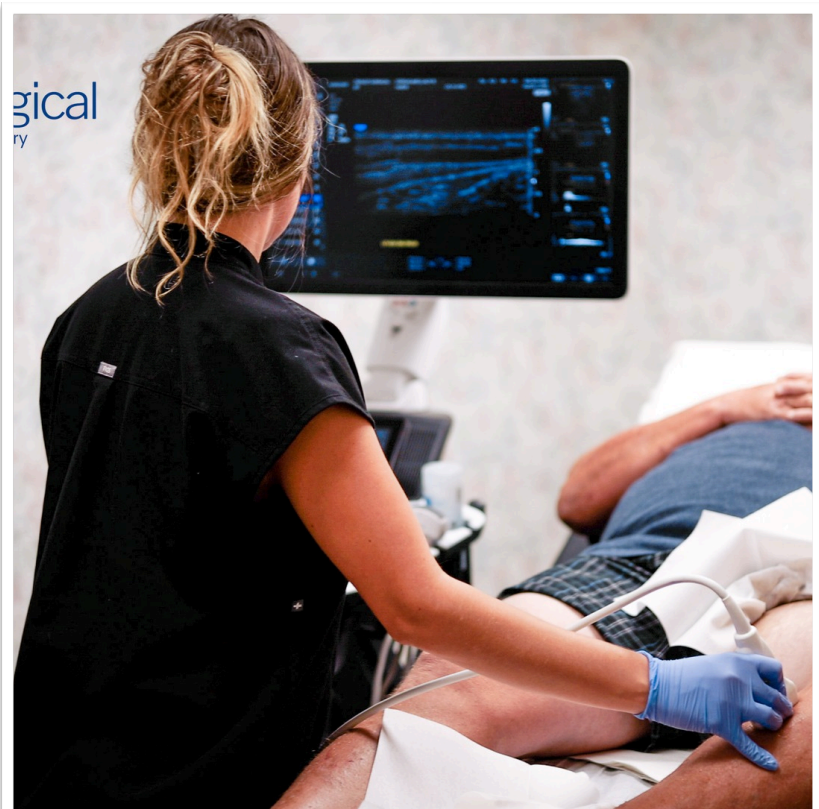

- We offer same day appointments and we ask the patient when they want to be seen.
- We also offer Telehealth appointments to reduce travel.

### Efficient

- Our patients enjoy a variety of diagnostic evaluations on the same day as their visit.
- In office procedures which reduce wait times and cost.

### Patient-Centered

- We start with a clear assessment of the patient's goals.
- We endeavor to match the urgency of the care to the need.

# Meet Our Team

## Meredith Daily, PAC

A native of Wilmington and graduate of John T. Hoggard High School, UNC-Wilmington, and Lenoir-Rhyne University PA School, Meredith has experience in family and internal medicine as well as urgent care.

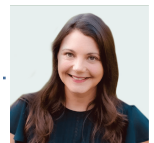

## Lauren Scurry, PAC

Lauren has inpatient general and trauma surgical experience at Rex Healthcare in Raleigh, NC. She graduated from East Carolina University and completed her Masters in Physician Assistant Studies at High Point University.

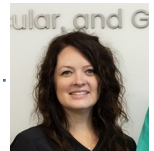

## Priscilla Narain, PAC

Priscilla is from Long Island, New York, graduating from New York University and Touro College PA School in Manhattan. She has practiced at Columbia Medical Center and Stanford Health Care with experience in cardiovascular medicine and emergency medicine.

## Mary Floyd, RN, MSN, BSW, DNPS

With over 25 years of experience in surgical nursing and practice management, Mary has a Masters in Nursing and is a graduate of CFCC Nursing, BS in Social Work and BSN from UNC-Wilmington School of Nursing. She is enrolled in the DNP program at UNCW.

## Ellis A. Tinsley, Jr., MD, FACS, FSVS

Board certified in both Vascular Surgery and General Surgery with 30 years of experience in patient care. He is a graduate of John T. Hoggard High School, Davidson College, and UNC School of Medicine. He completed his residency in General Surgery at UNC Hospitals and followed with a Fellowship in Vascular Surgery at UNC. He is a past president of the North Carolina Chapter of the American College of Surgeons and on the Best Doctors in North Carolina list.

“

Everyone at the office was very nice and accommodating. Thank you so much for your time and treatment.

“

Everyone that works there including Dr. Tinsley are great people. They all act like they have known you all of your life and make you feel comfortable and at ease while doing their jobs. I would hire every single one of them to work in my business. They all make a difference.

“

..Very happy with the report of surgery on both legs. Healing quickly. Dr. Tinsley and his entire staff was so friendly and caring. I am very impressed and will recommend Tinsley Surgical to everyone...
